C.R. Gibson Signature in Colorful Partnership with Kailo Chic for Upcoming January Trade Shows

Nashville, Tenn. | December 21, 2021

C.R.Gibson, a leader in upscale gift and decorative products, is excited to launch its partnership with Kailo Chic. Founded by Kara Witten, Kailo Chic rethinks what traditional holiday décor should be and brings bold colors and patterns into the mix while still staying true to the holiday theme.

C.R.Gibson is launching four colorful Kailo Chic collections at the upcoming January trade shows.

Halloween features brightly colored acrylic ghost and bat décor a perfect rainbow of spooky celebrations with coordinating pumpkin plates and diecut haunted house cocktail napkin.

The Christmas collection features a rainbow forest of acrylic trees and coordinating dimensional deer with sparkling gold antlers. Set a fun and festive table with the coordinating tableware featuring the diecut tree shaped dinner plates and retro lightbulb napkins.

In addition to the seasonal décor that Kailo Chic is known for, we are also excited to launch fun family games! Weather you prefer to play inside or outside, we have something for everyone; connect four, dominos, ring toss, paddle ball, and playing cards.

Finally, a bright and colorful desk is just what most people need while working from home! Setup the perfect home space with rainbow letter tray, pencil cup, desk pad, stapler and more.
